

Our new website has arrived!

We are delighted to announce that Bilgin Yachts website has undergone a major overhaul with many exciting new features. As well as there being a brand-new look and feel to the website, the functionality has been drastically improved to ensure it is a valuable tool for all Bilgin clients and to the industry.

This newly redesigned website offers quick and easy access to essential information that offers a more comprehensive understanding of the Company's products and services.

"We are excited about our new website launch and the robust information it provides for customers, brokers, partners and media to better understand us," said Ismail Sengun, Owner of Bilgin Yachts. "We believe that this new site will allow our visitors to have a very informative experience as we continue to grow and increase our market presence."

Bilgin Yachts have also formatted this website to be viewed on all formats of hand held media – Android / IPAD / IPHONE ensuring clients and the industry can easily access the information whilst on the go.

Bilgin Yacht's new website will be updated on a regular basis with news of product launches, business activity and events. Visitors are encouraged to explore the website @ www.bilginyacht.com
