**13.04.2017**

## **DUSUR HAS BEEN EXTENDED IN ISTANBUL**

**13.04.2017 - ISTANBUL:** BILGIN 164 'Dusur', a 49.90 m motor yacht delivered by Bilgin Yachts in 2015, is getting freshened and improved for her entrance to the 2017 summer season.

Bilgin Yachts has announced that the 49.90 meter custom motor yacht has arrived at their West Istanbul Marina facility, where the luxury yacht builder will perform refit and maintenance works. She was originally brought to Istanbul for regular maintenance and final warranty work. However, her owner wanted to extend her transom to increase the beach club area, which will make her now 1,90 metres longer.

Within the extension work, the transom platform will be turned into a 2,75 meter wide platform, in which a “transformer” hydraulic-deploying platform will be integrated for a better swimming experience. Her Passarella will be also extended to 7.5m long within the beach club renewal project. Without mentioning the extra joy and comfort she will supply for her owner and guests, Dusur will thus enter the 2017 season measuring 51,8 meters.
