BILGIN'S FIRST 156 FOOTER, NERISSA, WAITING FOR THE VISITORS

The finest home afloat: Bilgin's **Nerissa 156** is currently cruising in the Mediterranean. The 47.5-meter superyacht, built from steel and aluminium, had its debut at Monaco Yacht Show in 2017. Featuring an innovative hull, Nerissa is fitted with twin MTU 12V 2000 engines. Having started its journey from Istanbul on July **the 4th**, Nerissa has made more than **2850** miles in total with an average performance of 11.5 knots and a low fuel consumption of **150** liters per hour in total.

Launched in July 2017, Nerissa is the first unit of Bilgin Yachts 150 series. to be continued with the new Liliun. Both yachts, while being under 500GT, have an arrangement that pushes the limits in terms of volumes of interior and exterior living areas. Striking this ideal balance was the objective of the collaboration with Unique Yacht Design. The result is a solid and captivating exterior design with large curved surface areas divided by rigid lines, poised to attract stares for several years to come. A prominent exterior feature is her sky lounge, a complete relaxation area with jacuzzi and surrounding seats.

The interior is no less impressive, with lots of sunlight entering from the skylight at the bottom of the jacuzzi, making the middle of the boat shine like a diamond. The main saloon features an additional electronic sliding door and starboard doors which can transform it in to an open saloon, ideal for becoming one with and enjoying the exotic surrounding nature. During her cruise, Nerissa once again proved that she can offer a quiet and comfortable travelling experience to the guests on deck.

Nerissa is currently **on sale**. The superyacht will be open for visits on **September 11-16** in the **Cannes Yachting Festival**, during which you can find us at **berth 52** of **TWW Yacht**. Make sure you plan your visit by getting in touch through the e-mail address sales@bilginyacht.com. Please specify in your e-mail the best available time for this visit.

Latest news from Bilgin Yacht

Currently, there is a lot going on in Bilgin Yacht's shipyard. It is getting ready to present the full appearance of its largest yacht: **Bilgin 263**. Both designed by **Unique Yacht Design** in cooperation with **H2 Yacht Design**, the first two hulls of this model have been under construction in the shipyard's new facility in West Istanbul Marina. The first Bilgin 263 will be Bilgin's largest yacht ever upon her delivery in the second half of **2019**, while the second hull will make its debut in **2020**.

Bilgin has another quite exciting project coming up: the new **67-meter Bilgin 220** whose details will be unveiled during the **Cannes Yachting Festival** and **Monaco Yacht Show**.

ABOUT BILGIN YACHTS

Bilgin Yachts is a boutique shipyard in Istanbul area, building bespoke 40 to 100 meter luxury superyachts. It has been a family-run business for five generations since the early 1900s. With its 300+ highly-skilled craftsmen, who contribute to the 90% of the work in-house, the shipyard operates in facilities covering 27,000m² that include a state-of-the-art marine furniture factory, a comprehensive machine shop and a stainless-steel workshop. Since the spring of 2017, the company has expanded further with additional 10,000m² areas outfitting sheds and headquarters located in West Istanbul Marina, just 20 minutes away from Istanbul Ataturk Airport.
