

BILGIN YACHTS

FOR IMMEDIATE RELEASE

80M AL REEM MAKES HER AEGEAN DEBUT IN BODRUM

Istanbul, Türkiye - August 2025 - Fresh from her highly anticipated launch earlier this year, Bilgin Yachts' 80-metre Al Reem has begun her maiden season in the Aegean, gliding into Bodrum's bays with the presence of a yacht born to be seen. With this occasion, Bilgin is also releasing the first exterior photographs of Al Reem underway in her element, captured in the turquoise waters of the Turkish Riviera.

The third and final yacht in Bilgin's acclaimed 80-metre trilogy, Al Reem has been designed to command attention, from her bold metallic grey-and-white profile to her sweeping teak foredeck and extended aft terraces. New photographs taken in Bodrum's crystal-clear anchorages capture her at her most striking – sleek, voluminous, and perfectly at home in the Mediterranean light.

“Seeing Al Reem in Bodrum is a proud moment for the shipyard,” says Tuğba Şengün Topgöl, Marketing Director of Bilgin Yachts. “It's the perfect backdrop for her design, because we see Al Reem as a yacht made to connect with nature and the sea, yet deliver the highest standards of luxury.”

Designed by Unique Yacht Design and featuring interiors by H2 Yacht Design, Al Reem boasts a voluminous 1,758 gross tonnage, an owner's suite with panoramic 300-degree views, and extended outdoor living spaces. Her light, neutral interiors and carefully curated materials, from

warm matte timbers to intricate decorative glass, create an atmosphere of calm sophistication, perfectly suited for her owner's vision of tranquility and connection with nature.

Bodrum's crystal-clear anchorages and vibrant social scene make the ideal stage for Al Reem's first season, offering both secluded retreats and a touch of Mediterranean glamour. From sunrise swims to starlit gatherings on her expansive aft decks, Al Reem is set to leave an unforgettable impression throughout the summer.

While the 50-metre Camila prepares for a world debut at the Monaco Yacht Show this year, Al Reem will remain in the Mediterranean for the season, her owner eager to explore its storied coastlines and hidden anchorages. For Bilgin Yachts, it is a showcase not just of design and craftsmanship, but of the pleasure these yachts bring once they leave the shipyard behind and take to the water.

BRIEF TECHNICAL SPECIFICATIONS

Hull configuration: Displacement

Hull material: Steel

S/Structure material: Aluminum

LOA: 80.00m

LWL at full load: 71.01m

B.max: 12.25m

Draught at full load: 3.50m (approx.)

Displacement at full load: 1,510t

Gross tonnage: 1,758 gt

Fuel capacity : 168,000lt

Water capacity: 48,000lt

Main engines : MTU 16V 4000M73

Engines power: 2x2.560 kW @ 1,970 RPM

ABOUT BILGIN YACHTS

Bilgin Yachts is a boutique shipyard at the European side of Istanbul, building bespoke 50 to 120-meter luxury superyachts. It has been a family-run business for five generations since the early 1900s. With its 900+ highly-skilled craftsmen, performing 90% of the work in-house, the

shipyard operates in five facilities covering more than 79,450sqm. The shipyard facilities also comprise manufacturing areas, a state-of-the-art marine furniture factory, a comprehensive mechanical, hydraulic, stainless-steel, and upholstery workshop, all of which work closely until a project is ready for launch. Headquarters located in the West Istanbul Marina, which is approximately 40 minutes from the Istanbul Airport, Bilgin provides high-quality yachts to its customers.
